The MAR Breakdown is the journal of the Mid Appalachian Region of the National Speleological Society. It is published three times a year, prior to the annual business meeting and prior to the Spring and Fall field meets.

Subscriptions-
A complimentary copy is sent to each grotto in the MAR. For individuals it works this way: When you attend a field meet $3 of your registration fee goes directly to the MAR to pay for three issues of this newsletter and other MAR projects. You may also subscribe by sending $4 to the treasurer. The number of issues you have remaining immediately follows your name on the mailing label.

Meetings and Meets-
The annual business meeting is held the last Saturday in February. Each spring and fall there is a field meet. Watch for dates.

  http://www.caves.org/region/mar/busmmtg.htm

✦ Bring your beverage of choice

See attached sheet for map and directions
Shippensburg University PA Convention Aug. 5-9 2013

The folks who were bidding to host the 2013 NSS Convention had to drop out. The only date they could get at the selected facility was in direct conflict with the ICS.

I have been holding the Shippensburg U. site as a bailout location for years. Unfortunately, many of the folks I was counting on to fill out the staff are working on the 2012 Convention. To ask them to do a job 2 years in a row is asking too much.

Four grottoes in the MAR have already volunteered to host pre & post field camps and/or to lead trips during Convention.

A few folks have indicated their willingness to fill the staff positions, but we are far from having a full roster. I am collecting names and the positions they have volunteered to fill. Some folks have offered fill the top positions, but those who will be reporting to the Chairs need to decide if they are the leaders they feel comfortable will be the best choice for the committee. Leaders & staff must be compatible for this to work.

There is a Convention Manual in the Business Pages of the NSS website. Please read the position descriptions to see if there is a position you can fill or be a part of.

We need to get the bid together by March 1 to send to the NSS BOG to review before the April 1 meeting. This gives them time to review the bid. They will not vote on the bid until the BOG meeting at the 2011 Convention. That only leaves to years to get it all together and ready to run. That may seem like a long time, but it goes by fast.

The site will allow everything to happen in one location. We can camp, rent dorm rooms, use the dining facilities, have all the sessions, salons, workshops, etc. within a 10 minute walk end to end. That does not mean that we might not want to go off site for the Howdy Party, if there is a great option, but we don't have to.

The facility has almost everything we will need. The have a health center (med. tent), the rooms are equipped with power point projectors, they have all the tables & chairs we will need. There are a few things we will need to work on. The gym (vertical) is not AC, so we will have to find a way to AC that location. Same applies for the Banquet.

We will need to supplement the flushers at the campground with port-a-johns. We also might want to get a big tent to set up as a social area in or near the campground. We cannot park next to our tents, but the parking area borders the camping area. Tents will have to park in the lot, but we can reserve space for them. Sorry, no hookups are available. There is water at one end of the campground. We may have to run some water down to the middle & far end.

Officially this is a dry campus, but worst case we will have to have cans instead of kegs. If anyone knows of a good winery in PA, it looks like we will be able to have wine at the banquet.

I think you can see that a lot of the issues we will have to deal with, can be cut down into small units that a few people can handle. Because there is so much available on site, we do not have to create a lot of big wheels that will burn out people.

We even have a local caver who has a T-shirt business & has offered his services.

Give it some thought & if you see a job with your name on it, please send me a note & I will add you to the roster.

Thanks
