Committee Updates

MAR Breakdown

Red Schock reports that MAR breakdown has been going out on schedule. Let her know if you have any content that you would like included in the newsletter!

Website and Mailchimp

Christopher Catherman reported on website and email through Mailchimp. The website is there, no problems, up and running. He reported that there is a high volume of traffic at the end of the month, but is not sure where it is coming from. If you notice any issues with trying to download, please let him know. There are about 600 subscribers to Mailchimp with about 570 recipients. Only about 40-50% are actually opening emails about MAR Breakdowns and meeting reminders.

MAKC

Tom Metzgar gave a report for the MAKC:

Sarah furnace is now over 10 miles long! The coal mine surface reclamation project is going well: some equipment is being lined up and the project is supposed to be finished by August. The property should end up with a gravel entry to make the road a little better, plus a gate. MAKC will be getting a clean and green preferential tax assessment for the parcel. Thanks to everyone who has contributed!

MAR Bulletin update

Olivia McAllister reported on the MAR Bulletins:

98 bulletins sold over the past year.

Planning to reprint Bulletin 18.

NSS Tytoona Cave Preserve

Ann Dunlavy reporting:

There is lots of work that needs to be done. Talk with her if you would like to volunteer. For example: boundary markers need to be installed.

Ann reported Nittany Grotto has been actively using the new NSS permit system. New signs were put up one month ago.

Hope Brooks & Ryan Maurer reported on the resurvey of Tytoona. There have been issues with signs getting ripped off and destroyed. Over the summer, a woman was living in Tytoona for a few days, but she was contacted and asked to move along. There was also a small amount of footage filmed with permission in Tytoona for the troll movie Hall of the Mountain King.

Unfinished business

2024 Spring MAR

Rick gave a report from the 2024 Spring MAR at the McClure Bean Soup grounds: it was the first time hosting there, but it is located near many caves, including the MAKC McClure Cave Preserve. There was good food and Bert Ashbrook gave a nice presentation on Sarah Furnace. The profit was \$387.

George, Chris, Pat, and Ed catching up (Photo by Amos Mincin)

2024 MAR Conservation Project

There was a successful clean up at Mt. Rock cave. Just under a ton of garbage was removed! Glass, tvs, mattresses, etc. Free pizza was donated by Joe's OIP, MAKC paid for some drinks, and it was a nice and productive time!

New Business

Nittany Grotto is hosting Fall MAR 2025 in September.

There is currently no host for a Spring 2025 MAR.

Bald Eagle Grotto is planning to host a MAR Field meet in 2026.

2025 Conservation Projects

Rick motioned for a MAR spring clean-up at Alexander Caverns with a \$500 budget.

Motion seconded

Red mentioned that PCC could offer assistance as well.

Motion passed unanimously.

[Note, if there are any other conservation projects, MAR has an annual budget of \$1000 to support conservation projects in the Region. Contact the MAR officers with your conservation projects]

Congress of Grottos

Bert Ashbrook reported on a proposal to print the NSS Members Manual which did not pass as people were concerned about privacy. The NSS will be letting people opt-in to being part of Members Manual.

Another proposal was to distribute printed copies of the Journal of Cave and Karst studies to life members who ask for it, which passed, but Bert was not sure if the board has acted to consider that proposal yet. Carol Tiderman reported that this will be discussed at the next NSS Board meeting.

The last motion concerned enhanced punishment for those who violate the NSS code of conduct concerning harassment, which passed, but he is again not aware of action being taken yet by the NSS board.

Host Needed for the 2025 Spring MAR

As of April 2025 there is no grotto, or individual, slated to host the 2025 Spring MAR Field Meets. If you are interested in hosting an event, a helpful guide to hosting a MAR field meet can be found on the MAR website (<https://mar.caves.org/hosting.htm>). Think about it - can you or your grotto host an event? If there are no volunteers there will be no field meet. If you're interested in hosting an event, please contact a MAR officer.

Excellent Publications by your Fellow MAR Covers:

“Keith: Uncommon Adventures of a Common Man”

To cavers and non-cavers alike.

In late 2023 I was telling my caver friends some of my unusual non-caving adventures and they suggested that I write them down so that others could enjoy them too. I took their advice and in early 2024 hired a local book publisher, Adelina Hristova, to show me what I should be doing. That led me to decide to write my memoirs and fold in some of my uncommon adventures. Just recently the book was edited and proofread enough to offer it for sale on Amazon. I took one copy along to the MAR business meeting on Feb, 22 2025 to show around and immediately after the meeting was adjourned, I mentioned it to the attendees. Red told me she would include a blurb in the MAR Breakdown.

My chronological memoir/**Keith: Uncommon Adventures of a Common Man**/ has been published and is currently available on Amazon in its paperback format: here is a shortcut: <https://a.co/d/fVom4dx>

You can find more about my publisher Adelina and the ABV publishing team on their website: <https://www.abvpublishing.com>

You can purchase my book from there, too: <https://www.abvpublishing.com/adult-teens-books>

I'm asking from my future readers, please think of rating my book and leaving me an honest review on Amazon, if you order it from there, or on GoodReads if you receive a signed copy from me. I will greatly appreciate your time and will be grateful for your effort.

Here is the link to my memoir on GoodReads: <https://www.goodreads.com/book/show/228079970-keith>

At the 2024 NSS Convention I received my 70-year pin from the NSS.
